F—O—N THE ROUTES OF THE FRANKOPANS Nova Kraljevica Castle

“The Routes of the Frankopans’ cultural tourism project is inspired by the legacy of the Frankopans, a famous Croatian noble family who left numerous traces of their influence and power in the area of present-day Primorje-Gorski Kotar County in the period from the beginning of the 12th century until the second half of the 17th.

They wanted everything: personal power, reciprocated love, a blessing from heaven, and their own state. Borders did not exist for them. Space would just open up in front of them as they observed it from the walls of their castles.
And then a border appeared after all – at the least convenient moment.

Dear readers, doesn't this sound like an introduction to a dramatic story from national history? This is the story of the Frankopan noble family, whose origins were on the island of Krk. In fact, it's a number of stories about them that took place over centuries. To follow the routes of the Frankopans means to take a journey across a vivid, authentic landscape built by this family in the areas of Krk, Vinodol and Gorski Kotar.

Nova Kraljevica is one of the most beautiful Frankopan castles. It is said that its interior was arranged by Katarina Zrinski. Legend has it that the famous Zrinski-Frankopan Conspiracy was hatched here.
